HELINN **N**NEWS

Poster on Aloxi[®]: 20-22nd April, Foyer

During the entire conference, an interesting scientific poster by **Linda Denman**, Christie Hospital NHS Trust, Manchester, United Kingdom, "Palonosetron, a 5-HT₃ Receptor Antagonist (RA), Conveniently Offers Optimized Prevention of Chemotherapy-Induced Nausea and Vomiting (CINV)", will be displayed in the congress centre's foyer.

AND in the Kristall Exhibition Foyer

Participants who will visit Helsinn's booth (# 3-4) will receive the latest scientific information and publications on both Aloxi[®] and Gelclair[®] and will be able to navigate in Helsinn's Aloxi[®] web site and watch interesting interviews given by Key Opinion Leaders on CINV issues.
